# KEVIN KOZAN

QA ANALYST :: BUSINESS INTELLIGENCE

## PROFESSIONAL EXPERIENCE

- Impact Analysis of internal software releases as they are relevant to EDM Systems, subsequently creating User Stories to accommodate shifting business requirements.

- Updating and expanding Automation Test Suite, as well as other tools used in Test Automation.

### NOTABLE ACHIEVEMENTS

- Helped create and expand Selenium Test Suite of EDM Systems, providing self-updating regression coverage to 300+ reports.

- Created a C# tool for QlikView regression testing, reducing a four hour testing timeline down to 15 minutes.

2013 -  
2014

### **Information Technology / Web Development Intern**

Greater Cincinnati Automobile Dealers Association - West Chester, OH

Non-profit, professional organization providing services for franchised dealerships in Greater Cincinnati, Northern Kentucky and Southeast Indiana

- Worked collaboratively within the GCADA and with other associations to meet members' goals and objectives.

- Determined an effective timeline of various projects' progress given the organization's needs.

- Directly communicated with various outside organizations during project development.

- Developed the GCADA homepage, as well as maintained and updated the content of the whole website.

- Implemented, analyzed, and reported information gathered via Google Analytics.

- Designed graphics as necessary, developed order and registration forms, and outfitted the website with Wordpress plugins to incorporate new functions.
